# Introduction

Evergreen- launching 3/2/26

## Matcha

We will be expanding our menu with MATCHA! This on-trend flavor reinforces our commitment to freshness, quality, and elevated gifting experiences, and it pairs beautifully with our white chocolate and fruit selection. The global matcha market is valued at over \$2bil and has been growing exponentially. Rising awareness regarding the health benefits of matcha coupled with the popularity of antioxidant-rich beverages is projected to boost its growth even more in 2026.

We will have a curated menu that includes locally-sourced matcha powder, which will be mixed into our white chocolate and Green Dream smoothie. We will have boxes with dipped berries, bananas, and pineapples, TPA-exclusive cups, and a cheesecake topped with a dipped matcha berry. The dipped matcha berries, bananas, pineapples, and cheesecake with dipped matcha berry will also be added to the Create Your Own offers on the web.

## Graduation

We will be updating the box, platter, and arrangements to read "2026."

## Depletion of Wander + Found

Please note we will be discontinuing the Wander + Found non-alcoholic wines. It will be removed from Marketplace once current inventory has been depleted, and we will be pulling it off the web on 5/31. Stay tuned for updates on the future of the non-alcoholic wine category!

## Spring season LTOs

### Candy-Filled Arrangements

We are very excited to showcase a brand-new container launching this Spring! The arrangements will be built in the center of a custom-made double wall container (similar to our customizable container), with the outer band getting filled with SKITTLES® or pastel M&M'S®. We have selected these two candies because they are core portfolio products for Mars that range in core consumers and have a strong brand awareness and following. Marketing will be focused on the pastel M&Ms® during the Easter timeframe, then shift into more support for the Skittles® sizes through the summer.

The base arrangements inside these containers will be new SKUs, but are based on existing top-sellers:

### Key Lime Cheesecake with Lime Sentiment LTO

We're excited to introduce the Key Lime Cheesecake & Half Lime Sentiment as a spring-summer Limited Time Offer, bringing a refreshing, citrus-forward flavor to our premium dessert lineup. This bright and tangy cheesecake offers a smooth, creamy texture with a zesty lime finish, delivering strong visual and flavor appeal during key seasonal moments.

This LTO helps expand our growing premium dessert category by tapping into a popular and seasonally relevant flavor profile that resonates with guests looking for something fresh, vibrant, and indulgent. Its distinctive color and texture make it a standout addition to bake-shop boxes, boards, and platters.

# Introduction

## Key Lime Cheesecake & Chocolate Dipped Fruit Box

## Triple Delights Dessert Box- new size!

## Spring/Summer Cookies & Cupcakes

Our Spring/Summer bakery lineup features three bright and refreshing flavors designed to celebrate the season and keep guests engaged across gifting and everyday occasions.

**Coconut Lime** – A tropical-inspired combination of coconut and bright, zesty lime zest that brings a refreshing, sunny flavor profile to the lineup.

**Dirt Cake** – A playful, nostalgic flavor featuring rich chocolate notes topped with a “dirt”-style crumb and gummy garnish, delivering a fun treat guests of all ages will enjoy.

**Lemon Lavender** – Light, floral, and perfectly balanced. This citrus-and-botanical pairing taps into global flavor trends highlighting floral and aromatic desserts, offering guests a modern and elevated seasonal option.

# Introduction

These premium seasonal flavors will be available in both cookies and cupcakes as part of “Create Your Own” boxes, bundles, and add-ons.

Please refer to the Step-by-Step Instructions documents on LiveWall under Important Docs for all clickable sourcing links and instructions.

## Easter

We delivered strong Easter performance in 2025, and as a result, we did not add any significant changes this year. On average, each store recorded 44 transactions, generating \$3,100 in Easter SKU sales. The top-selling SKU by revenue was the Easter Bunny Celebration® with Easter Berries, averaging \$925 per store, while the top-selling SKU by unit volume was the Easter Bunny Daisy® Arrangement, with an average of 12.3 units per store.

## Returning

Easter Bunny Daisy® Arrangement (Petite & Regular)

Easter Bunny Celebration® with Confetti Berries (Small, Regular, & Large)

Chocolate Dipped Easter Dessert Board (Small & Medium)- swapped in the new Premium Celebration Cookie (Medium); swapped the brownie for a cheesecake (Small)

Berry Bunny Platter (OS – 12”) - added back the dipped pineapples recipes

Easter Feaster Box (6ct & 12ct)

Easter Bunny’s Bakeshop Box- added a Key Lime Cheesecake size!

# Introduction

## St. Patrick's Day

St. Patrick's Day is not a huge holiday, but Edible had a great one in 2025 regardless! Revenue per store grew 38%! Each store saw about 12 St. Patrick's Day related transactions, up from 9 per store in 2025. Our top seller (once again) was the Shamrock Daisy Arrangement (4 units/store).

We will be streamlining to just bases for St. Patrick's Day, as only 10% of St. Patrick's Day sales were bundles. We will leverage the Build Your Own Gift platform with St. Patrick's Day products to give an option to our guests if they'd like to make their own, or the St. Patrick's Day balloon will be on the add-on page.

Returning in 2026, we have:

Shamrock Daisy® Arrangement (Petite & Regular)

Shamrock Celebration (Small, Regular, & Large)

St. Patrick's Day Platter (OS - 12") - added dipped pineapples

Lucky Shamrock Dessert Board (Small)

## Mother's Day- launching 4/6/26

Edible had a fantastic Mother's Day 2025! On average, each store saw around \$50k in total sales, representing a 6.5% year-over-year increase. Looking ahead, we're elevating our Mother's Day 2026 collection with a mix of returning favorites and fun new additions. You'll notice that many of the core products are coming back this year, which helps us streamline production and maintain operational efficiencies.

We're introducing a light pink sprinkle to replace the previous peach sprinkle, adding a fresh and festive touch to the collection.

Thank you again for continuing to deliver exceptional experiences to our guests. We're looking forward to another amazing Mother's Day season together! Here are some new products we will be introducing.

### Mother's Day Flowers & Double Decker Gift Box

This unique product features a floral bouquet in the top section of a two-tiered box and a selection of 8 chocolate-dipped berries on the bottom. The floral arrangement will arrive to stores pre-assembled, watered, and secured in floral foam. All stores will need to do is remove the arrangement from the shipping box and place it on the top portion of the gift box. Once the box is untied, the box opens to reveal the berries.

# Introduction

## Flowers

In 2025, Mother's Day week floral sales were \$2.9M which was about \$4.2K per store (+4.5% vs 2024). We are continuing to lean heavily into flowers this year for Mother's Day by offering both a Premium Mother's Day Bouquet as well as the everyday May Bright Bouquet. The Premium Mother's Day Bouquet is set for fulfillment between 5/4 & 5/11. The everyday May Bright Bouquet will be available all of May however, Mother's Day specific bundles with flowers will end on 5/11.

### Premium Mother's Day Bouquet:

### May Bright Yellow Bouquet:

## Flower pop-up card

We are introducing a premium paper pop-up card that looks like a bouquet of flowers, but will last much longer! This card comes in a custom-designed envelope that is a perfect add-on for Mom. Pop-up cards are a trending product with a ton of growth potential thanks to their eye-catching display and being a memorable, low-cost keepsake. It will be sold in bundles and on the add-on page as an LTO. Printable will still be offered during this time, and the pop-up card will serve as a more premium offer.

# Introduction

## Bellini

We have seen great growth in the non-alcoholic drink category, and Mother's Day is the perfect time to introduce a new LTO. In 2025, we sold nearly 6500 units of the Sparkling Rosé, which was double the Sparkling Cuvee Blanc units sold in the Mother's Day Collection in 2024. This year, we have the new and innovative Cipriani Bellini Zero, which beautifully complements our fruit-forward offerings. This non-alcoholic Bellini elevates the celebratory gifting experience and will drive incremental revenue through higher attachment rates and average order value. Guests can mix with their own sparkling water or wine, or a mixer of choice to customize the cocktail.

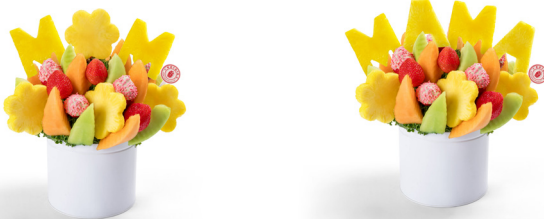

## Mini balloon

We will be returning the Mother's Day mini balloon with a new design. We over sold the mini balloon in 2025 by nearly 30%, so we increased the availability this year!

## SEASONAL MESSAGING THEMATIC

The purpose of a seasonal messaging thematic is to anchor your marketing content for the season in a central theme that allows you to connect with guests on a relevant level by tapping into their current needs and cultural themes.

# Marketing - Seasonal Message Thematic

## Spring Arranged

Spring is a season of renewal, color, and optimism. Customers are shedding the weight of winter and embracing fresh starts, finding joy in small, beautiful moments as the world comes alive. Nature's bloom sparks self-expression energizes connection with loved ones and inspires acts of gratitude within their communities.

## Edible arranges the effortless Mother's Day flex

Mother's Day is one of our most important cultural and commercial moments, second only to Valentine's Day in driving revenue, but how people want to show up is changing. Consumers want gifts that do something: make life easier, create a real moment, and show unmistakable care. Culturally, moms are dropping the filter and being honest about what they want, even if they have to get it for themselves. Edible is built for this shift. When we show up, it's not just thoughtful, it's confident, joyful, and unmistakable. It's the effortless flex, the reliable cheat code that makes gifters feel like they nailed it, and moms feel genuinely celebrated, on their terms.

## Customer Reasons to Believe

Always keep these four core messages in mind as you engage local store marketing strategies, as they are the value we provide to customers and therefore the messages that will attract customers to purchase.

1. **We are the champion of connection.** Celebrating the moments that matter is center to who we are.
2. **We offer a range of solutions** to serve all your gifting, entertaining and self-indulgent needs.
3. **We offer ultimate convenience with the luxury of delivery options** (next-day, same-day, and <1 hour). We guarantee quality, convenience, and delivery speed so you don't have to choose.
4. **We're crafted locally.** When you buy from our locally owned and operated Edible store, you're supporting an entrepreneur in your neighborhood.

## SPRING 2026 STORE LOCAL MARKETING ASSETS

- On the Marketing Toolkit you will find the following assets available to support this season's key events and occasions (specific creative assets available vary by occasion):
- Spring Local Store Marketing Guide
- Organic Social Media Posts
- Product Guides
