

Mother's Day Collection Notes & Backups:

As we prepare for Mother's Day 2026, please ensure you purchase enough inventory according to your projections and reports pulled via SMS to cover your location's needs. Below are details on the backups for each product category.

Backup Fruit Plan:

If you are still receiving strawberries but have been pro-rated by your fresh distributor, follow these steps:

- Keep the best-looking strawberries for fresh berries in the recipe. Dip berries that are good but not visually perfect.
- If you are not receiving enough berries to run your full production for the day, use half the count of the strawberries for each size arrangement and the other half of the strawberries will be replaced with orange half slices.
- Evenly distribute the strawberries and orange half slices throughout the arrangement.
- If your store runs out of green grapes, please use red grapes as the backup.

Bakeshop Interchangeable Plan

Product	Backup 1	Backup 2
Original Cheesecake	Brownie	Submit Ticket to Turn Off
Brownie	Original Cheesecake	Submit Ticket to Turn Off
